COURTROOM PROCEDURES

- A basic rule in every criminal case is that both sides have the chance to question every witness. Questions asked by both sides have the same goal: to find out what is true
- Don't let the defense lawyer upset you. It may seem that he/she is trying to pin you down, but he/she has the right to test how many of the facts you know and remember
- If you can answer a question "yes" or "no," do so. Answer only the question asked. Do not volunteer additional information.
- If you don't know the answer to a question, say so. **DON'T GUESS.**
- If you don't remember, but you used to know, you may answer, "I don't remember."
- If you don't understand or did not hear the question, ask that it be explained or repeated.
- If either lawyer raises an objection, stop speaking at once. After the judge has ruled, you will be asked to go on.

FREQUENTLY ASKED QUESTIONS

Why am I receiving a subpoena?

The law requires live testimony in criminal cases. Affidavits and depositions cannot be used as substitutes for live testimony (as they are in civil suits)

Why was this case adjourned?

Cases are adjourned for many reasons. Witnesses or attorneys may be unavailable. Multiple trials are set on the same day and the court decides the scheduling priority of each case. This one may have been preempted.

What is an impact statement?

A written or verbal statement letting the court know your feelings about the crime and how it has affected your life.

What happens if I don't return my impact statement?

Your views on the case may not be known and restitution may not be ordered on your behalf.

What is restitution?

It is an amount of money you can be reimbursed by the defendant for actual damages. This amount, along with documentation of your loss, should be included in your victim impact statement.

What is Crime Victim Compensation?

The Michigan Crime Victim Compensation Commission is located in Lansing. Qualified victims would be those who are injured or lose earnings or support because of the crime. This award can be in combination with court-ordered restitution. We have a CVC brochure that provides more detailed information.

HOW VICTIMS CAN HELP US!

Our Crime Victims Rights Coordinator (CVRC) is here to assist you with your questions about the legal system. Please feel free to call the CVRC as questions arise. Here are some suggestions for you to consider:

- 1) If the defendant is in jail, you can ask to be notified of jail release. A free -24-hour hotline & operator are available at **800-770-7657** to sign up for this service. The Michigan Crime Victim Notification Network brochure is in your packet.
- 2) **Fill out and return your Victim Impact Statement.** It lets us and the sentencing judge know how this crime has impacted you. An envelope is also enclosed for your convenience.
- 3) **Keep our office up to date with your current contact information** such as your mailing address or where you are staying, your phone number(s), and e-mail address(es) so we can give you the latest information available.
- 4) If your case has the attention of the media, **our office can help you interact with the press.** If you want your feelings made known, it can be done without damaging the case in the court system.
- 5) **Attend court hearings** to keep up to date on the details of the case. If you will be attending, check in with the CVRC so we are able to notify the prosecutor who is handling the case. **Or if you cannot attend, you can call the CVRC** later to find out what happened.

- 6) You can **get a copy of the police report** from our office (after the preliminary examination in felony cases). If you have information in addition to what is in the police report, write it down and give it to the police agency handling your case.
- 7) **If your injuries are visible, take photos.** You may contact the police agency regarding photos of additional bruising or take your own photos.
- 8) **Provide documentation to verify your losses to receive restitution.** This documentation needs to be given to our office at least two weeks before sentencing. If you were covered by insurance, have your insurance agent contact our office to ask for reimbursement of their claim and your deductible.
- 9) You have the right to **speak at sentencing.** Unless you speak in person or write a victim impact statement, the judge will not know how the crime has affected you and your family.
- 10) The Quick Reference Guide lists local **resources in the Shiawassee County area** that help with many types of services.

"Traumatic events are extraordinary, not because they occur rarely, but rather because they overwhelm the ordinary human adaptations to life."
